Elba Chamber of Commerce presents... **Bradley's Florist & Gifts** November's Business of the Month

In October of 1985, Ralph and Sam Bradley decided that Elba would be the home of their new florist and gift business. After much deliberation over an Enterprise location or an Elba one, they chose the "small town, big heart" city of Elba. Since opening the last week of December in 1985, they have been happy with the choice they

made. Their two daughters, Nicole and Carrie were educated in the Elba School System and graduated in 1992 and 1995. Originally, the shop was

located on Factory Avenue beside Wise's Men and Boys Store. Mary Alice Wise became a mother figure and offered encouragement every day. The business remained there until September of 1987 when Ms. Jeanette Garrett's home on Collier Street across from Elba High School was vacated. The house was purchased and renovated for the business.

After the floods of 1990 and 1998 and the relocation of the school system, Ralph and Sam again relocated the business. This move was to the old Donaldson Store building on Hickman Avenue. The business
